#### 5) QSO Accreditation

The special station can be worked only once on each band and mode, duplicates will not be penalized and a final classification will be made for the operators who make the greatest number of contacts with the special station.

All participants who manage to add up the 25 points will be able to download a DIPLOMA designed for this purpose in full-colour PDF format, with the signatures of the president of the regional section of the Unión de Radioaficionados del Valle de Güímar and of the secretary of the same who will control the honesty and compliance with the rules from the website <https://www.urvag.com> and <https://www.qrz.com/>

The stations that manage to complete the greatest number of slots and are first in the sum of points during the dates of the event in the following categories:

- General (all entities)
- Spain (EA, EA6 and EA9)
- Canary Islands

They will receive a commemorative gift of this anniversary that will be sent to them free of charge to the address that appears in the QRZ.COM database

In the event of a tie in the classification, the station that first made the last valid contact prevails.
